Re: Reimbursement for Restoration Water Usage

Dear Mr. Mazzei:

Recently, you were provided with instructions for proper watering of newly placed sod which was installed on your property from November 2, 1999 to November 4, 1999 as part of restoration activities stemming from the soil removal action required pursuant to an Administrative Order on Consent issued by USEPA. Our client has requested that ENVIRON Corporation arrange for reimbursement to property owners for increased water usage charges resulting from the necessary landscape watering.

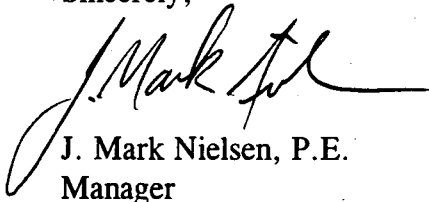

In order to account for the increased water charges resulting from the landscape restoration activities, we are requesting that you provide us with a copy of your water bill for the period which includes November 1999 (the period during which the increased landscape watering was necessary), and a copy of your water bill for the period immediately preceding this billing cycle and the period including November 1998. Note that if you did not retain copies of these bills, you may want to contact your water company to obtain a copy (the phone number for Elizabethtown Water Company is 1-800-272-1325).

Please mail this information to my attention at the following address:

ENVIRON Corporation
